### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
The formation of MCI was directly related to the fact that the Bell System was a monopoly. Bell System's monopoly was broken in 1984.  
December 15, 1984  
MCI announced that it had secured a contract for 100,000 lines from the Bell System.  
May 1985  
MCI was the first long distance carrier to offer a service that was not provided by the Bell System.  
July 1985  
MCI announced that it had secured a contract for 100,000 lines from the Bell System.  
August 1985  
MCI announced that it had secured a contract for 100,000 lines from the Bell System.  
September 1985  
MCI announced that it had secured a contract for 100,000 lines from the Bell System.  
October 1985  
MCI announced that it had secured a contract for 100,000 lines from the Bell System.  
November 1985  
MCI announced that it had secured a contract for 100,000 lines from the Bell System.  
December 1985  
MCI announced that it had secured a contract for 100,000 lines from the Bell System.
