A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
The formation of MCI was a result of a series of events that began in 1980 when Robert G. Bell and his partners decided to create a new company to compete with Western Union in the long distance market.
December 11, 1980
MCI Communications Corporation is formed.
May 1982
MCI acquires the assets of Western Union's long distance division.
June 1982
MCI Communications Corporation is listed on the New York Stock Exchange.
June 24, 1982
The Bell System is broken up and MCI is one of the independent companies that are created.
