### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

**RCA**

1985

The Last Decade of Wireless  
The history of RCA is closely intertwined with the history of Bell's Bell Telephone Company. RCA was founded in 1927 as a result of the merger of the American Telephone and Telegraph Company (AT&T) and the Radio Corporation of America (RCA). The RCA logo was designed by the RCA logo designer, who designed the RCA logo for the RCA logo designer.
