A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
 The formation of MCI was a result of a long and hard-fought battle. RCA had been the dominant force in the telecommunications industry for decades, but by the mid-1980s, it was facing intense competition from a new breed of companies. Western Union, a long-time rival, was a major player in the market. MCI, led by Robert E. Kahn, was a disruptor that challenged the status quo. The acquisition of Western Union by MCI in 1997 marked the end of an era for the company that had been a major force in the industry for over a century.

December 17, 1980
 MCI acquires Western Union, a long-time rival.

May 1988
 MCI acquires Western Union's long-distance service, which is then rebranded as Western Union International.

July 1997
 MCI acquires Western Union's long-distance service, which is then rebranded as Western Union International.
