A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI and its subsequent acquisition of Western
Telegraph & Telegraph (WTT) in 1985 marked the beginning of a new era
in the history of Western Union. The company's focus shifted from
its traditional telegraph and telephone services to a new
direction in telecommunications.
December 11, 1985
MCI acquires Western Union's Long Distance Service (LDS).
May 1986
MCI and WTT are combined to form Western Union International, which
handles international telegraph and telephone services.
July 1986
MCI introduces a new long distance service.
1987
MCI acquires Western Union's Western Bell Telephone Service.
June 24, 1987
The Western Union and MCI logos are combined to form
Western Union International logo.
