

CARS Website on Your Mobile Device

Did y'all know our website is mobile device friendly? On your phone, tablet, refrigerator, smart HF Radio or whatever...open our website on your browser:

<http://calaverasars.org>

It should look something like this:

You can scroll through the posts in this view.

To see the menu, touch the Menu button in the upper-right:

...and you should see this:

Touch the item you'd like to see, like the Calendar:

Have fun! Just don't leave the refrigerator door open...
