

# CARS VEs help with HAM CRAM

Thanks so much to the following VE's for providing exam support at the Ham Cram on Saturday Feb. 24, at Columbia College:

Mike Axiak, Miriam Brown, Tim Cody – we could not have succeeded without you!

Thank you Ken Sanders for coordinating and proctoring the Ham Cram Session.

We now have 8 new Technician Class Amateur Radio operators and one new Extra Class upgraded Amateur Radio operator. The success rate was 100% with no failures or re-takes necessary.

Thanks so much to all of our Volunteer Examiners.
