

# SOLAR CYCLE 25

## **Coronal Mass Ejection**

Here are two articles concerning the Sun's cycles. Although not very encouraging for ham radio at least insightful about the nature of the beast.

## **New study corroborates the influence of planetary tidal forces on solar activity**

<https://www.hzdr.de/db/Cms?p0id=58444&pNid=0>

**Solar experts predict the Sun's activity in Solar Cycle 25 to be below average, similar to Solar Cycle 24**

<https://www.weather.gov/news/190504-sun-activity-in-solar-cycle>

**Remember: HAVE RADIO, WILL TRANSMIT.**
