## 54th Running of Calif QSO Party

×

1600 UTC October 5, 2019 to 2200 UTC October 6, 2019

CQP & improving your operating

skills From an operating point of view, what do Public Service, chasing DX or

working contests have in common? They all require accurate copy of information

under stress — whether the stress of the moment, the adrenaline rush of rare DX

or contest pile up, you have to accurately copy and relay information. Entering

a contest either casually to give some points or as a serious effort.

Contesting provides a great learning experience for information copy "under

fire". The first weekend of October (October 5-6 this year) sees the 54th

running of the California QSO Party — a great opportunity for stations in

California because everyone else HAS TO WORK US! We are the DX! Whether you are

a "big gun" with stacked yagis and 1500 watts, or a "little

pistol" with 100

watts to a vertical or a wire antenna, everyone else in the world wants to work

YOU to pick up one of the 58 counties in our state. It's a lot of fun being on

the receiving end of a pile up or searching & pouncing for other states and

countries. For California stations the object of the contest is to work as many

stations as possible on SSB and CW. You can work the same station on each band

and each mode for score credit. Every US state and Canadian province you work

counts as a multiplier — 58 total for us just like the number of counties in California.
