

PSPS Update

Sam EC WS6P

Emergency Services

XCA ARES, PGE has closed the Customer Resource Center in West Point. I have also notice that the power was not turned off in the northern part of the county. The PGE website still shows a PSPS Warning for Zone 5 & 8, and there is a possibility of them removing power. I have created a ARES Connect event for this and if you spent time preparing, helping others, or just getting the word out please log in to ARES Connect and log your time.
