

# Covid Testing Information For Calaveras County

A Message From Sam EC for Calaveras Emergency Services Team, Here is some information that our section EC has passed along. Our OES would also like to let you know that Iron Stone Winery is the newest testing center in the county. You can register for a test at <https://bit.ly/3h1pTMT>. The San Andreas Clinic has a drive up testing call 209 877-0001 for an appointment. Mark Twain Hospital has a info line at 209 754-2564, as well as a call center at 209 754-2896. I have the OES Covid-19 call on Wednesday and hopefully they will announce vaccination locations and times.
