

Field Day 2022, N6FRG On The Air

FIELD DAY 2022

N6IV and KB6USJ are planning a 1A Field Day event for Sat. June 25th near Bear Valley from 11am until 6pm, Wx permitting.

We will set up a 100 watt station with the club call, N6FRG, powered by a generator and use a simple multiband dipole antenna.

Our planned location will be at the end of hwy 207 as you enter the ski resort property.

38.492047, -120.035016

Visitors and guest operators are welcome. We will take turns operating and logging as the number of participants dictate.

Restrooms are available at the Round Valley Sno-Park parking lot on hwy 207 as you approach the field day site. (38.485201, -120.019393). Please bring your own refreshments.

You need not be licensed to participate and non-hams are encouraged to visit. Bring yourself, spouse, kids, or friends as supervising control operators will be on hand.

Look for the American flag on a blue shade canopy.

(You can operate from home also and direct contacts to N6FRG on the ARRL entry form as a club aggregate score use: "CALAVERAS ARS, INC.")
