EmComm Links

The October 2008 issue of QST had an article titled *Mapping the Incident – The Baldwin County ARES Location Finder* that is very interesting. Here's the link to their project:
http://routemap.esri.com:8080/baldwincounty/
——
Calaveras County has a detailed mapping system that is also of interest:
http://mapserver.co.calaveras.ca.us/ccmapspub/Viewer.asp
Be sure to look at all the layer options
