

January 2006 Repeater Seminar

Repeater Seminar

On Saturday, January 21, 2006, WB6MFV (Doug) held a seminar for all interested members regarding our NV6V repeater. Doug did a wonderful job of presenting a thorough introduction to repeater theory, design and implementation. He then went on to explain how it all related to our repeater on Fowler Peak.

There was quite a bit of information to absorb and the attendees soaked it up like crazy!

The seminar was graciously hosted at the home of KN6XW (Patsy) and K06HV (Jim).

Attending members were:

WB6MFV

KG6KPR

KD6NRB

KI6ART

KF6HJB

AE6LA

N6PGH

WB6QVU

AC6CY

K06HV

KN6XW

NV6V

Thanks to Doug for a very worthwhile event.
