Hello all;

I have been recalling all that has been happening over the last 2 months. Not just in San Joaquin Valley Section but else where in the country. We normally are in the back seat watching calamities in other parts of the USA or even the world. This time we had our share and we handled it!

While the rest of the country battled blackouts, floods and the annual Hurricane season, our section was faced with Fire. Mariposa County had a small one, Kern County had a larger one, then the Rim Fire in Tuolumne and Mariposa.

Los Padres and the Mount Diablo "Morgan" fires were tough ones also. Around the country more events but in every one the Amateur Radio Emcomm Groups did their job and were recognized. Over and over ARES was commended for their actions.

No matter how minimal your contribution, if you were helping to serve, I thank you. For caring enough to train and put in the time and effort, I thank you. I do not want to single anyone out but Tuolumne ARES and RACES was heralded and the New Mariposa ARES did a fine job supporting the Red Cross.

It is my hope that we learn from this and pass on the “Best Practices” used. We need to train new persons with the same heart.

New technologies are coming of age and are being used. We saw a glimpse of them at the “Rally in the Valley”. Many thanks to those who brought their skills to the table. See you next year.

Hey Pacifiicon is almost here! Pacific Division Convention at Santa Clara.
