## Report for the month of May 2014

SM Dan Pruitt, AE6SX- ASMs K6YK and N2NS, ACC W6DPD, SEC KF6FIR, OOC N1VM, STM K6RAU, PIC K6QI, TC W6TE.

May is done, now we start June, my favorite month.

We have contests and Field Day! A lot of special events are conducted in June. Museum Ship Weekend is a good one, and more. It is just a great month to operate. Go camping, Mountain topping, sailing, fishing and just touring. Then you stop, fire up the radio and find out where and what everyone else is doing.

Don't forget to show off your hobby, kids day is coming up. Show your relatives and friends all the varied ways to use Ham Radio. No it isn't CB (frown!). Show them the difference.

Take your Ice Cubes and play radio, hi hi.

73;

Dan Pruitt, AE6SX

[www.qsl.net/wa6ybn/](http://www.qsl.net/wa6ybn/)

SEQUOIA ARG ++ New Arizona law bans all 2-way communication and is the work of the leaders of Coconino County. Located in the north central part of Arizona and is a part of the Flagstaff metropolitan statistical area. It not only includes the city of Flagstaff but the Grand Canyon and adjacent areas as well. As written, the new ban outlaws mobile radio communications most drivers who depend on the technology unless they are using a hands-free device. It also stops amateur radio operators and others who use push to talk microphone from being able to easily assist in a volunteer capacity with local events. For more on this use these links: [tinyurl.com/arizona-hams-react-to-ban](http://tinyurl.com/arizona-hams-react-to-ban) and

STOCKTON DELTA ARC ++ John NZ6Q, Robert N6GT0, Craig KJ6PKU and Bill AE6J were invited to the host station of W1AW/7 at the W7RN Contest Superstation just outside of Reno, Nevada. WOW was the description given by Bill AE6J. Mike KJ6KDL's "Comm Station" in a box, made operating Net Control easier and a lot more fun at the Delta Century Bike run. That is one of many events successfully supported in May.
